Hi Tom. Pat wants a hot issue writeup for [**Ex. 7(A)**] enforcement. He was not sure about the format so for now I put together a short three paragraph draft, based on materials we recently drafted. Please review and send and revisions to me and Ryan. I am out this afternoon and Monday and Ryan wanted this done by Tuesday morning if possible. I know you are out until Tuesday morning, so hopefully you can give it a quick look when you get back.

Thanks,
Dean

Pat asked that we move ahead and write a paragraph for each before getting the format. I know that you don't have a lot of time tomorrow. If you could write these up Tuesday in consultation with ORC, that would be good. Thanks.

Dean,
With new Governors and I think also new State Environmental Agency heads in 5 of our 6 states including MN and Wisconsin, our upper managers have indicated that they will be asking for hot issues in the coming weeks and Pat would like to include Ex. 7(A) and Minntac. We don't have the format yet but I wanted to give you a heads up as there will likely be a quick turn-around.
